

## GRUBBY BABY

Won't you be my Grubby Baby  
Come on dance barefoot with me  
Cheek to cheek our dusty faces  
At the Squeezebox Jamboree

Twirl your partner like a treetop  
Cedar branches everywhere  
Promenade into the ocean  
Leave the sea salt in your hair

Chorus

All join hands and circle right  
Along the shady forest trail  
To a clearing on a hillside  
Everybody swing and twirl

Chorus

Gather round the campfire  
We will stay up all night long and tell  
Tales about our times together  
Do-si-do till the morning bell

Chorus
